Move-Out Week
May 10th - May 20th

The program's goal is to recycle or donate items that would be otherwise thrown away by college students at the end of the semester. While these items typically are sent to landfills, SUNY Potsdam will be donating any reusable items to The Rescue Mission, and properly disposing items that are waste.

When & Where?
May 10 - May 20th. All common areas will have donation stations, which volunteers will be monitoring throughout the week. Materials can also be taken to the Blue Recycling Dumpsters in Knowles Parking Lot, which will be clearly labeled, as seen to the left.

What Items are Accepted?
Clothing, bedding, shoes, school supplies, non-perishable food, furniture, other unwanted items. Questionable condition? Bring your used and torn textiles, and broken appliances or suitcases! They will be refurbished for donation use!

What Can I do to Help?
Volunteer! Volunteers will assist the Physical Plant/Sustainability Office with monitoring the donation sites set up in the common areas of the residence halls. If interested, please contact Kelly Carter carterkl@potsdam.edu (315) 267-2758
