Lifting the Veil on Forensic Dentistry - How Dentistry Works in the Legal System

Dr. Randy Mitchell, DMD
SUNY Potsdam Class of 1977
April 27, 2012, Stowell 211, 12:00 p.m.

Dr. Randy Mitchell, Forensic Odontologist and Family Dentist, graduated (Summa Cum Laude) from SUNY Potsdam in 1977 with a BA in Chemistry and Biology. He received his DMD from the University of Pennsylvania in 1981 and began a private dental practice in Lyons, NY. In 2003 he became involved in forensic odontology. He is currently a member of the American Society of Forensic Odontology and is the Forensic Odontologist for the Monroe County Office of the Medical Examiner. He will be giving a presentation on what is involved in being a forensic dentist, including examples of some recent cases in which he has been involved.

Everyone is welcome!
