THERE AND BACK AGAIN: A BETRUS TALE

Abstract: During this presentation I will discuss my 30-year teaching journey, from a poor student teacher in Carthage in 1993 to receiving the 2022-2023 SUNY Chancellor's Award for Excellence in Teaching. I will talk about my love and passion for in-person teaching, my divorce from the thing I loved, and my transition to find a new love in online learning.
