Advanced Certificate in Learning Design

Learning outcomes (LOs): You'll be able to:

1. select, evaluate, and use technology to support learning,
2. explain and apply evidence-informed learning theories,
3. explain and apply instructional design models (e.g., ADDIE), and
4. apply and manage learning solutions

Requirements: To earn the Advanced Certificate in Learning Design, you'll

- complete two 3-credit core courses (ID651 Learning Design, ID661 Advanced Learning Design)
- complete two 3-credit elective (E) courses

Courses (Core, Elective (E))	Fall	Winterim	Spring	Summer
ID 651 Learning Design (**core**)	X			
ID 661 Advanced Learning (Instructional) Design (**core**)			X	
GRED 575 How Adults Learn (E)	X			
ID 668 Online Education (E)	X			
ID 566 Simulations and Games (E)	X			
ID 625 Emerging Learning Tech (E)			X	
ID 647 Tech Coaching (E)				odd years
ID 648 Human Capital Dev. (E)			X	
ID 654 Program Eval (E)				even years
IT 549 Web Page Dev (E)				even years
IT 614 Tech in Educ (E)	X		X	X
