THANK YOU TO OUR DONORS

Kathy (Kofoed) '54 and Don Lougheed (Hon. '54),

We are forever grateful to Kathy (Kofoed) '54 and her late husband Don Lougheed (Hon. '54) for their historic generosity to SUNY Potsdam, which began with the establishment of the LoKo Arts Festival. With Don's passing, we know his life and legacy are perpetuated through the gifts they have entrusted to Potsdam. Their love and appreciation for the arts, as well as Potsdam student and faculty are on full display throughout the LoKo Arts Festival. Your attendance and participation honor them both.

Dr. Gary C. Jaquay '67 and Dorothy Albrecht Gregory '61,

The partnership of the Dorothy Albrecht Gregory Visiting Conductor Fund, established by the late Dorothy Albrecht Gregory '61, and the Adeline Maltzan Crane Chorus Performance Tour Fund, established by Dr. Gary C. Jaquay '67, brings distinguished conductors to The Crane School of Music for major performances by the Crane Chorus and Crane Symphony Orchestra, and travel funds for the Crane Chorus to perform at major venues outside of Potsdam. This year as we remember Dorothy, we are reminded of her love for music and The Crane School of Music, which are perpetuated through her philanthropy. Thank you, Dorothy and Gary, for your lasting and impactful generosity.

Hurst

Ethan Hurst '26 is this year's LoKo Arts Festival Coordinator and the recipient of the **Bruce & Barbara Conroe Arts Management Internship Scholarship**. Hurst is a Music Composition major with a minor in Music Business. Other activities Hurst does at Potsdam include being the Secretary of SUNY Potsdam's GSA, a Peer Advisor with the Lougheed Center for Applied Learning, organizing drag performance spaces, and making campus a happier, more friendly place. Through Hurst's time organizing this festival, he gained a new level of self-confidence and hands-on experience in the field.

For more information on our donors, their gifts or how you can join them in making a difference at Potsdam, contact **Jason N. Ladouceur '94** at (315) 267-2123 or jason@potsdam.edu.

Rocks Revealed: Nature's Hidden Beauty Opening with Dr. Page Quinton

Rocks Revealed is a fusion of art and science, featuring 7-foot-tall towering illuminated displays that showcase the hidden beauty of rocks and the stories they tell. These glowing panels reveal the intricate details of minerals, textures, and fossils that geologists use to decode the environments of the past. We invite you to come see geology in an entirely new light!

5 to 6 p.m., Timmerman Commons, Timmerman Hall ●

Verismo Presents: Construction & Creation: An Interactive, Free Improvisation Workshop

Join Verismo, a traveling trio, in a workshop experience on their unique improvisational language that combines sound, movement, and silent movies! The workshop will be split into two parts. It will encompass building simple instruments using everyday objects and discovering the relationship between sound and movement by improvising on silent film. *Participants are not required to have any prior musical skills or even own an instrument*

BIG INK

Come and Join the SUNY Potsdam Art Department and BIG INK for a special demonstration of large-scale woodblock printmaking! BIG INK will be working with an array of guest artists, students and faculty to transform the PAC lobby into a printshop featuring "The Big Tuna", a custom-designed giant mobile press. Large-scale woodblock prints will be pulled on the press all day – both days! Kids can watch and have mini prints made on "The Anchovy", a miniature press. We invite you to come meet the artists, learn about printmaking, and see BIG INK in action!

The College Community Coloring Book

The "College Community Coloring Book" invites the college and local community to create a paint-by-number style mural alongside a professional artist. The mural's design was inspired by an article on the history of Max C. Bear. We hope to provide a unique educational and artistic experience that engenders a sense of community and college pride within Maxcy Hall Sports Complex.
